Absence/illness

As the weather changes, you may notice your child has a runny nose, sneezing, or congestion. These symptoms can sometimes look similar to a common cold. If you're unsure whether your child's symptoms are due to allergies or illness, please consult your child's healthcare provider.

If your child takes allergy medication please remember to give it to them before school. To protect the health of all students and staff we ask that if your child is showing any symptoms, or has been exposed to anyone who has had any communicable diseases, please keep them home. They may return *once fever free for 24 hours without medication*. Please notify your child's teacher and the office on Class Dojo if your child will be absent for any reason.

- Reduce added sugars.
- Encourage your family to have 5 servings of fruit and veggies a day
- Be active together
